COMMUNITY INITIATIVES

Our Geographic Impact

We serve many communities throughout the Greater Washington region:

- Washington, DC
- Montgomery County, MD
- Prince George's County, MD
- Arlington County, VA
- City of Alexandria, VA
- City of Falls Church, VA
- Fairfax City, VA
- Fairfax County, VA
- Loudoun County, VA

While we promote charitable giving across all geographic locations, we especially encourage residents to give locally and/or regionally, helping ensure that our region is a place of opportunity for all who live here.

In our most recently complete fiscal year (April 1, 2006 - March 31, 2007) some \$60 million – more than 60% of all grants made by The Community Foundation were distributed to organizations in the Washington metropolitan area. The chart below illustrates breakdown by region.
